#### **Principal Activities**

Since 1989 TIN has offered environmental consultation and services to the community of the Lower Hunter and Lake Macquarie areas. Trees in Newcastle produces provenance native plants at our community nursery in Redhead, undertakes bush regeneration work for councils, government and non-government agencies, developers and community groups, and offers opportunities for environmental education and volunteering.

The main activities of the Board are oversight of the business and community activities of Trees in Newcastle, ensuring that the organisation continues to build long-term viability, operates ethically and in accordance with the law, and fulfils its mission of restoring our local natural environment and protecting biodiversity.

This includes oversight of all aspects of the operations of the Community Nursery, the Bush Regeneration service and our educational programs, and the management of staff and volunteers in these entities.

#### **Significant Changes**

Trees in Newcastle appointed a part-time permanent General Manager in March 2023, and suspended the position of Bush Regeneration Coordinator.

#### **Operating Result**

The surplus/loss for the financial year amounted to, as per below

2023 Surplus \$35,235.18

Please note that this balance includes the Environmental Trust Grant of \$34,440 received in June 2023. This grant has only been partially expended in the 2022-2023 financial year.

#### **Going Concern**

This financial report has been prepared on a going concern basis which contemplates continuity of normal business activities and the realisation of assets and settlement of liabilities in the ordinary course of business. The ability of the association to

continue to operate as a going concern is dependent on the ability of the organisation to generate sufficient cashflows from operations to meet its liabilities. The members of the association believe that the going concern assumption is appropriate.

### Notes to the Financial Statements

# Trees in Newcastle For the year ended 30 June 2023

#### 1. Summary of Significant Accounting Policies

The financial statements are special purpose financial statements prepared in order to satisfy the financial reporting requirements of the Associations Incorporation Act [NSW]. The committee has determined that the association is not a reporting entity.

The financial statements have been prepared on an accruals basis and are based on historic costs and do not take into account changing money values or, except where stated specifically, current valuations of non-current assets.

The following significant accounting policies, which are consistent with the previous period unless stated otherwise, have been adopted in the preparation of these financial statements.

#### **Income Tax**

Trees in Newcastle is exempt from Income Tax.

#### Property, Plant and Equipment (PPE)

Leasehold improvements and office equipment are carried at cost less, where applicable, any accumulated depreciation.

The depreciable amount of all PPE is depreciated over the useful lives of the assets to the association commencing from the time the asset is held ready for use.

Leasehold improvements are amortised over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

#### **Employee Provisions**

Provision is made for the association's liability for employee benefits arising from services rendered by employees to the end of the reporting period. Employee provisions have been measured at the amounts expected to be paid when the liability is settled.

#### **Provisions**

Provisions are recognised when the association has a legal or constructive obligation, as a result ofpast events, for which it is probable that an outflow of economic benefits will result and that outflowcan be reliably measured. Provisions are measured at the best estimate of the amounts required tosettle the obligation at the end of the reporting period.

#### Cash on Hand

Cash on hand includes cash on hand, deposits held at call with banks, and other short-term highly liquid investments with original maturities of three months or less.

#### **Accounts Receivable and Other Debtors**

Accounts receivable and other debtors include amounts due from members as well as amounts receivable from donors. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

#### Revenue and Other Income

Revenue is measured at the fair value of the consideration received or receivable after taking into account any trade discounts and volume rebates allowed. For this purpose, deferred consideration is not discounted to present values when recognising revenue.

Interest revenue is recognised using the effective interest method, which for floating rate financial assets is the rate inherent in the instrument. Dividend revenue is recognised when the right to receive a dividend has been established.

Grant and donation income is recognised when the entity obtains control over the funds, which is generally at the time of receipt.

If conditions are attached to the grant that must be satisfied before the association is eligible to receive the contribution, recognition of the grant as revenue will be deferred until those conditions are satisfied.

All revenue is stated net of the amount of goods and services tax.

#### Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in theassets and liabilities statement.

#### **Financial Assets**

Investments in financial assets are initially recognised at cost, which includes transaction costs, and are subsequently measured at fair value, which is equivalent to their market bid price at the end of the reporting period. Movements in fair value are recognised through an equity reserve.

#### **Accounts Payable and Other Payables**

Accounts payable and other payables represent the liability outstanding at the end of the reporting period for goods and services received by the association during the reporting period that remain unpaid. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability.
